

GENIUS fx FOR ALTERNATIVE REFRIGERANTS (PLUG AND PLAY)

Advantages and highlights

- MT / LT at the same time
- R454A, R455A, R452A, R448A, R449A
- Energy optimization
- Intelligent monitoring system
- Multi evaporator system
- %10-100 stepless capacity control
- Very low noise level
- High reliability
- Easy access design
- Indoor / outdoor installation
- Water cooled option
- Sound insulation option
- Modular system
- EC fan option

Design

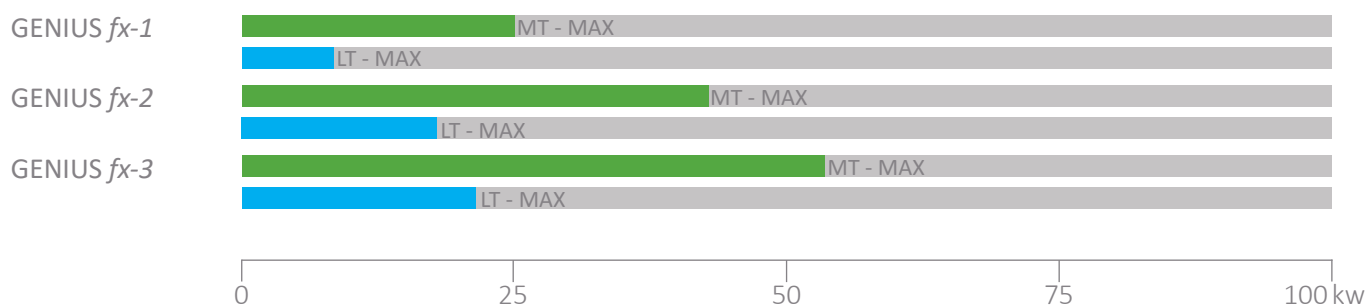

- Microchannel/Minichannel condenser
- Stepless capacity control
- Stainless steel closed frame
- Bitzer CRII compressors
- Copper piping
- Mobile application for monitoring
- Control via wi-fi
- High and low pressure switches
- Touchscreen display
- Electrical panel on board
- Filter drier
- Sight glass

Applications

- Cold rooms
- Fast food stores
- Catering
- Food retail C-Stores
- Bars and restaurants
- Petrol stations
- Supermarkets
- Logistics warehouses
- Process cooling

Capacity Range

* Te : -5 °C /-25 °C, Tc : 45 °C, SH : 10 K, SC : 4 K
